

## Gubernatorial Election Integrity Call to Arms

*What do the 1995 Larry Forgy / Paul Patton Gubernatorial Race, the 2002 narrow victory of Congresswoman Anne Northup over Jack Conway, the 2002 Mike Czerwonka / Paul Bather Kentucky State Representative, and the 2002 Louisiana U.S. Senate race have in common???*

All were adversely impacted by the presence and influence of the Democratic National Committee, the A. Phillip Randolph Institute (the black militant division of the AFL-CIO and funded in part by the DNC), and the NAACP and their efforts to marshal the Get Out To Vote efforts targeted toward the black, poor voters in selected communities and selected targeted races of national impact.

Their tactics are well known in nature, encouraging people sometimes who aren't registered to vote and commit voter fraud by voting or sometimes engaging in illegal election practices (ie. vote buying, etc.). All for the sole, singular intent of getting the Democratic nominee in Gubernatorial, and National Congressional and Senatorial races elected.

In Jefferson County alone during the 2002 General Election Fifty-Seven (57) Republican Precinct Poll positions went unfilled by Republicans and in the 2003 Primary Election One Hundred and Fifty (150) Republican Precinct Poll positions went unfilled by Republicans. During this same period the Democrats had a surplus of four hundred and fifty (450) Democratic Precinct Poll Workers. What this means is that we, as Republicans, have failed our civic responsibility and consequently a fair and honest election cannot be guaranteed.

Fund Raising is incredibly important, it is the life-blood of a campaign; however, it is not enough.

**We must protect the integrity of the voting process.**

I have been asked by the Fletcher Campaign for Governor to serve in the capacity of insuring the integrity of the election process in the West End / Portland areas of Louisville. We will require approximately Three Hundred (300) Republican Precinct Poll Workers to achieve this goal. However, I cannot do it alone. I need the Associated Builders & Contractor members, staff, friends and families in Kentucky to step up and volunteer to help achieve the goal of a fair and honest election. With Ernie Fletcher, we have a real opportunity to bring honesty, integrity and dignity to the Governor's Office of the Commonwealth of Kentucky; a chance to end the corruption of many previous Democratic administrations and the rampant abuse of personal service contracts; and a gentleman who is conservative in nature, pro-business and who will put us on a level playing field.

**Our goal is within reach. Let's make it happen now!**

Your commitment as a Republican Precinct Poll Worker is to attend a Board of Elections training seminar and to work at the assigned precinct poll on Election Day, November 4, 2003 from 6:00 A.M. till 6:00 P.M.

**The pay is not great but the reward is incredible.  
This is our civic responsibility.**

Please join Ernie Fletcher and me for an informational meeting at the ABC Office's in Louisville, KY on Monday July 21, 2003 at 9:00 A.M. to learn more about this most important and vital issue.

**We need your help!!!**

Thank you  
Mike Czerwonka
